# Convener's Note

It's my pleasure to welcome all Cohort 9 graduands to a bountiful and deliberate season in their walk with the Father!

We have been greatly helped by the Lord in the last 6 weeks of building up ourselves in conformity to the Son of God.

Beyond the span of this initiative, I encourage you all to continually stay with the Father and be transformed into the image of his son Jesus Christ.

My deepest appreciation to all facilitators who made these weeks fruitful by rekindling the fire and love of God's ways in the hearts of our participants. You have laboured and borne this burden with us all, may Abba's light in you burn brighter. God bless you.

The ZWLI vision is to reach at least 500 women yearly who would have completed the program. Thereby creating their niche market through Kingdom standards and raising efficient leaders who are devoted to the Father and are change agents in their communities.

So far, over 2,000 have been reached since inception (2020) and over 500 have completed the program.

This leadership initiative is built on the framework that you:

1. Are loved by God
2. Are on earth to become a spitting image of Jesus Christ.
3. Discover your God given purpose and walk in it.
4. Do nothing that has no eternal value.

This structure has steered the wheels of our journey so far. We fully acknowledge God's faithfulness and loving kindness towards us. We ascribe all glory to Him.

*Anne Ekwueme*

# Programme Coordinator's Note

Our beloved Cohort 9 graduates, it was once again, a beautiful journey with every one of you. Acts 20:32 best describes the state of my heart to you.

...

I commend you to God, placing you in His protective, loving care, and I commend you to the word of His grace: the counsel and promises of His unmerited favour. His grace can build you up and to give you the rightful inheritance among all those who are sanctified [that is, among those who are set apart for God's purpose— all believers].

Acts 20:32 (AMP)

God bless you all.

I must say, all of this was meant for me. All the sessions blessed me in no little way, the prayer sessions, the word and the assignments. I want to thank God for the transformation of mindset that He gave me during this program. I have been able to know my stand in Christ, who I am as a woman, the role I am meant to play in my society, marriage and life in general. I can boldly say I KNOW WHO I AM AND WHAT I AM MEANT TO BE. God bless Pastor Anne and I love Miss Joy.

**Oyetola Grace Oyebola**

God shows His love to me in diverse ways and bringing me in contact with this course was one of such ways. I literally kept telling Him "Lord, Thank You!" "Lord, You truly love me!" "Lord, I love You!" after each session. This was exactly what I needed and at the perfect time. I kept wondering how I never knew such existed before now.? But I believe Abba felt this was the right time.

From the Orientation class with Mrs. E, to the first class, "He named us", I knew this was no ordinary bootcamp! It has been a steady building of line upon line, precept upon precept. There has been such an influx of LIGHT! I can say without an iota of doubt that this has been one of the most impactful six (6) weeks of my life. I am so transformed, so energized, so refreshed, so refined, so refired!. I am immensely grateful to Mrs. E - Son of God. Ma'am, you truly are a Son of God because you truly are led by the Spirit of God! This was no initiative born out of the flesh. And to think it was absolutely free. My goodness! God, Himself, is your reward Pastor Anne Ekwueme, nothing else would do. To Sister Joy, ever patient, ever loving, ever joyful, (I love your laugh especially), thank you for your wise and kind leadership, thank you for doing the Lord's work.

To our facilitators, God bless you Sirs and Mas, you were handpicked especially for us. I kept wondering after each class, "So people like this exist" after each class. Thank you!

To my fellow ZWLI Cohort 9 participants, it was an honour meeting you all albeit (virtually for now).

And to Abba, my Lord, thank you a thousand times, S sir! I do not take this opportunity for granted. Thank you for taking me through this to purge me, so I can bear more fruits.

A few days into the year 2022, I took out time to wait on God and hear what He will have me do and what He wants to do in and through me this year. God told me two things, one of which was this and one of the things he said was this and I quote., " In this year I am bringing you into the right ENVIRONMENTS. Environments that will NURTURE and GROW that which I have deposited on the inside of you".

I still remember clearly the class on "Holy Spirit, my helper" by Pastor Reigner Davies, REIGNER DAVIES, I was in tears all through. I stayed up that night in prayer because it was as though I was hearing about the Holy Spirit for the first time in my entire life. I will end on this note or should I say with words from athis song singing,

"I will never be the same. I've experienced ZWLI. My life has CHANGED!!!!!!!"

**Emmanuel Aanuoluwapo**

ZWLI is a program that has affected all facets of my life positively. My life has not been the same spiritually, physically, mentally and socially. This program has helped me to identify myself in Christ. It has taught me the main purpose of my existence and I am now walking along the path of getting more intimate with God, through praying rightly and exercising my faith in God. The program has aligned me with kingdom focus in my dressing, desires, attitude and all.

I tread boldly as an ambassador of Christ in my workplace and a good leader of myself and my children. ZWLI has helped me to find inner strength and to become limitless. Because I know better who I am, I am more confident raising kingdom children and helping them to identify themselves in Christ. I want to say a big thank you too the organizer of this program Mrs. Anne Ekwueme, for releasing herself to be used for our growth in Christ. I also thank Joy Lami and all our facilitators. God bless you all.

**Asabor Olubisi Bamidele.**

I stumbled upon the sponsored post of the flyer for ZWLI Cohort 9 on Instagram but now I know it was not a coincidence. God intentionally orchestrated it. The classes took me to depths of myself that I didn't even know about. I see myself very differently. I see God very differently and now I am set to work differently. I am grateful to the organizers and facilitators for pouring out themselves wholeheartedly.

**Akinyele Oluwatosin**

I heard about ZWLI from a school mate and I must say it has been one of my best moments in 2022. Completing an online program was quite difficult for me as I had several offline programs running at the time, but I purposed to do this and I am glad I was able to.

ZWLI has been an immense blessing, helping me to nurture a spiritual yearning and cultivate habits needed to grow spiritually; understand the gaps that I had created in various aspects of life and build all-round (mental, spiritual, health) capacity to fill those gaps and excel in all I do. This excellence, also evident in all the wonderful facilitators and coordinators we had who appeared to excel in all their fields of endeavor, resonated with me and ignited in me a drive to recommit to excel in God's way. That it cannot be done is a fallacy.

I sincerely appreciate this opportunity and will not take it for granted.

**Oluwabusola Oladunjoye**

I want to specially thank Mrs. E for this life changing platform. Thanks to the bootcamp, I have a better understanding of who I am. I better understand purpose and my place in the marketplace as a kingdompreneur whose role is to make Abba's love known. Indeed, to everything that has a beginning, there is an end. However, this is one I wish could run for longer. It offered so much value for free., I do not take the training for granted and I believe it is time for me to soar like an eagle, as the path of the righteous never plateaus.

**Isioma Christabel Nwobilo**

I had anxiety issues before the program began and in enrolling for this course, I sincerely didn't know what to expect but I trusted God to heal me and give me a testimony before the end of my ZWLI journey. Honestly, I am not where I want to be but I am sure not where I began.

From the first day Mrs. E encouraged us to get to know our identity; to find out the name God calls us. I had a remarkable experience as I embarked on this discovery. Through subsequent classes from "The Holy Spirit" by Mr. Reignier to "The Blood of Jesus" by Prophet Fanny (that prophecy she began teaching was for me, I took it personally), to the teaching on "The Name of Jesus" by Mr. Tolu and then to "Trauma-free leadership" and "Rewiring your brain and becoming limitless" by Mrs. Chiana, I was supernaturally renewed.

I must say a big thank you to Mrs. E, Ms. Joy and everyone that committed their time to this program. May God replenish you all. I know what Abba has begun will be perfected. I am very grateful!!!

Joining ZWLI is one of the best things that has happened to me this year. Every session was fulfilling right from the identity session, "knowing who you are in Christ" to praying rightly and having a better understanding of the person of the Holy Spirit to hearing God. I can boldly say God is intentional about me. I have come to fully know who I am in Christ and with the help of the Holy Spirit I can reach out to others to help them know their identity in Christ. And when I eventually start my business, I have learnt principles on how to do business in a way that pleases the Father.

The Lord bless you, Mrs. E. You will continue to do much more for the Kingdom of God. I love you. Thank you, Sister Joy, for being a great coordinator. You will not miss your reward.

### **Ogechi Moses**

I didn't know what to expect when I registered for the boot camp after I was persuaded by a very close friend to do so.. For the first three weeks, every class came as a confirmation and provided clarity for something in my life. I am not the same person I was at the beginning. Thank you, Mrs. E, the speakers and everyone who contributed to this. God bless you all!

### **Edoziem Nwanneka**

The ZWLI was not just another 'Christian program' which I attended; it was an EXPERIENCE which transformed my life and reset it along a trajectory that aligns with God's plan. I am now living in the liberty of my identity in Christ, free from being haunted by my past, and enjoying the sweet fellowship of the Holy Spirit and oneness with Christ. Also, I am now able to confidently align my business with God's plans and purpose. I do not regret signing up for the program. My expectations were exceeded. Thank you so much Mrs. E and the entire team for this initiative. Glory to God!

### **Edidiong Ebigwai Umoh**

I have experienced a turning point in my walk with God beginning with knowing my identity in Christ as A ROYAL PRIESTHOOD. Among other great impacts I have enjoyed is the ability to absolutely depend on the Holy Spirit to the point of getting a job after waiting for over 4 years. Finally, I was busy with kingdom activities but I have learnt how to be busy doing the kingdom business and to run my business, the kingdom way. I have been changed, delivered and restored back to my sonship status. To Him alone be the glory!

**Agboola Adetola Praise**

My sincere appreciation and gratitude to God for making me come across Zibah Women's Leadership Initiative platform and to Mrs. Anne Ekwueme for obeying the call of God to birth this vision. May God bless and enlarge your coast. The training has been impactful and a blessing. During the lecture 'Trauma-free leadership' I had a personal encounter with the Holy Spirit. I had borne a deep wound and pain in my heart for so many years as a result of the loss of my daughter due to someone's carelessness. The Holy Spirit told me it was time to let go and forgive. There and then, I received healing and freed the person who hurt me by forgiving her. My walk with God has become so much better.

To all the facilitators and ZWLI team, thank you for changing lives by sharing your wealth of knowledge and making cohort members change agents in obedience to the great commission. Thank you for this great opportunity.

**Janet Ajibade**

I want to thank God for bringing the opportunity to be a part of ZWLI my way. Words fail me to describe how immensely my life has been impacted. The very first class on identity in Christ, the assignments, each and every session, changed the narrative of my life. Before the program I was struggling. I was at a crossroad and confused about a lot of things. But now, i can boldly say I know what to do to get to where I ought to be. Thank you, Mrs. Anne Ekwueme, the ZWLI team and all the facilitators., I am a life that was truly changed.

**Godiya Zechariah Bulus**

This bootcamp has been a blessing to me in numerous ways. After one of the classes I had an encounter with God. My very first encounter! I saw Jesus and we had a conversation. It was beautiful. I realigned myself with God and He has been doing wondrous things in my life. I learnt about doing business the kingdom way. That it is not just my efforts that would bring the increase but a partnership with the Father. Ever since, I have been getting new clients every week.

I am super grateful for this opportunity and to the host of this amazing bootcamp, thank you so much.

**Joy Peter**

ZWLI came right in season for me! It came at a time when I yearned for a closer walk with God more than ever before in my life. The lifelong impact of a six-week boot camp is inexplicable. A reaffirmation of WHO I AM and WHOSE I AM. The sweetness of fellowshiping with God and walking in the Holy Spirit cannot be adequately explained by words. So much knowledge, insights and revelation were gained as to why I am here as a representative of Christ, on Earth.

Thank you, dearest Mrs, E, for heeding this call. Walking with God is undoubtedly, very attractive.

Ms. Joy Michael, you are selfless in your service. God will honor you beyond your imagination. To all our facilitators, your labor of love will not go unrewarded.

**Ekene Nnaemeka**

The week before my sister sent the link to the Zibah women's Leadership Initiative (ZWLI) to me, I had prayed to God that I needed a change of company. I wanted a company of Godly people, ladies particularly that I could share life's issues and pray with. This platform is an answered prayer. I now have a better relationship with Abba. I know my identity and I know there is more! Thank you, Mrs. E., Thank you, ZWLI team., I am better because you said, "yes".

**Susan Mshelia**

I had been following Mrs. E since 2021 when I heard her speak at a book launch. I had always wanted to join ZWLI but the time was never right. I got married two weeks before ZWLI Cohort 9 began. Moving to a new city and essentially starting up a new life was a very overwhelming experience for me. Seeing that the theme for Cohort 9 was "Rest" was all the confirmation I needed to finally sign up.

It has been an amazing experience. The book study was my favorite part because it was exactly what I needed. The first week of classes was intensive and it helped me to recalibrate myself.

Mrs. E's class on business structuring was just for me and I enjoyed all other sessions.

I highly recommend ZWLI for every Christian entrepreneur. Thank you, Mrs. E and the entire ZWLI team for such a brilliantly executed program. I look forward to seeing the wonderful work that you continue to churn out.

**Chimdiebube Orji**

I work for a non-governmental organization (NGO) in preparation of the social work vision God gave me, years back. Currently, I am putting together a structure for effective management of the NGO as an entity across decades.

Joining the ZWLI Cohort 9 opened me up to better understanding of business build-up and planning. From finances to law enforcement, taxation, process manuals, inventory management and lots more. I can say I have become a better Christian leader and visionary through this community. Thank you to the founder, the team, facilitators and other ZWLI associates worldwide.

**Imonieroh Edesiri**

I came across ZWLI as an advertisement on Instagram. I was skeptical about signing up for the program because I thought I would not be consistent with attendance. But after the first class during which Mrs. E taught about identity, I knew this was the right place to be. In the course of the program, I got my healing from pedophobia. I also learnt a lot about the gospel and about kingdom business which was my greatest highlight, knowing I could do business differently from the people of the world because I am an ambassador of Christ. Thank you very much Mrs. E, Joy and every single facilitator. God bless you!

**Esuikup Delight Magnus**

I want to thank God for bringing me in contact with you, Mrs. E. Thank you for answering God's call to partner with Him in remolding and reshaping lives. Thank you for this great platform, ZWLI. It has really been awesome. It has helped me to see myself in a positive light. Before now I was really low on self-esteem but through this boot camp, I have been able to see that God loves me and has given me an identity that I can always align with. It has also changed the way I relate with my kids. I used to get so irritated when they did something wrong but I have learnt to be more patient with them and to treat them like God's favorites. Thank you once more for everything, ma'am. You shall never lose your rewards in Jesus' name. Elizabeth Agbana.

**Elizabeth Agbana**

I came across the ZWLI Ccohort 9 on Instagram at a time when I was confused. I had enrolled in and attended so many training sessions in the past but I still had so many questions left unanswered. I was full of regrets and felt like a failure. There seemed to be a stirring inside of me that was crying out for expression, but I didn't know how to let it out. From the first session on identifying who we are, I knew God had truly and intentionally brought this program my way. I can only say, "Thank you Jesus for the ZWLI Cohort 9 training", and to Mrs. E for answering this call. A lot of my questions have been answered. I now have clarity to a lot of things. I have been spiritually refreshed and rejuvenated. Virtue has been deposited on the inside of me which in full time would express itself. I am sincerely grateful to God for this opportunity.

**Gabriella Osumawei**

I came across the flier for ZWLI cohort 9 at the very time I needed to. It was a time when I was looking for answers in a lot of areas. ZWLI brought clarity to concepts and notions I was struggling to understand and helped me transition into them easily. ZWLI for me is a propeller, launching me out to do what God wants me to do. It gave me courage and wings to fly. I am grateful I was a part of it. Thank you, Mrs. E and crew. God bless you indeed.

**Tomisin Shoyombo**

I am grateful for the opportunity to be part of this life-changing experience. This program brought me spiritual renewal. The assignments totally changed my relationship with God. God reminded me of my name. The book of John revealed the God-life I ought to operate in. During the book study, I connected with the author of the book, Dale Arthur, because I was experiencing spiritual burnout. Now I am learning to wait on God and fellowship with him. All the speakers were on point. Indeed, this program has marked a turning point in my walk with God. Thank you ZWLI.

**Eunice Irelioluwa Banjo**

Joining ZWLI is one of the best decisions I took this year. My life has experienced tremendous changes in every aspect through the impact made at every class I attended. I was exposed to facilitators who are purely and absolutely kingdom-minded. Seeing brethren who teach what they do unconditionally transformed my mind into realizing that I had quite a bit of growing ahead of me for kingdom purpose. Today, the Lord has birthed a new ministry of reaching out to teenagers through me, a mission I have never imagined before. Through the books studied, I now understand God's desire to have intimacy with me and I daily yearn to spend time in His presence as I consciously ask and hear Him expressly, concerning different aspects of my life on a daily basis. Thank you, Jesus, for this great opportunity. Thank you, Mrs. E, and the ZWLI team.

**Toyin Imisioluwa**

I stumbled on the advert for the previous cohort and it was quite timely for me so I decided to join. However, I could not submit my assignments on time due to the pressure of my work. I decided to wait and join again to enable me not just to graduate but to listen all over again to the lectures so I could internalize them more. This cohort has been amazing and even more enriching. The company of passionate women, all seeking for a deeper meaning and intimacy with the Father, has been a huge source of encouragement to me. The icing on the cake is that all the knowledge and wisdom shared in ZWLI are all free of charge. God bless you Mrs. E, Miss Joy and all our facilitators.
